Product Name	<b>9005-1 Multipurpose Tire Gauge</b>	
	Product Model	9005-1
	Product Origin	TW
	Brand	MADA
	Payment Term	T/T
	<p>A. 90psi with assembly no. 05 application for aluminum wheels, to protect scratch. Hose standard length 36cm hose length can add to 60cm , 100cm even150cm depend on your request. our hose is oil - resistant rubber hose.</p> <p>B. 3 functions - measurement pressure and inflation and deflation</p> <p>C. Advantage - **uniquely designed tank in the gauge, enabling part lubrication and ensuring tire gauge durability.</p> <ul style="list-style-type: none"> <li>**High pressure resistant tire gauge</li> <li>**You can adjustment zero and repair meter by yourself</li> <li>**Synchronously displays two pressure units PSI and BAR on the tire gauge.</li> <li>**with an oil resistant rubber hose , sturdy, flexible and extreme-weather -resistant</li> <li>**Easily replaceable clamp on the front</li> <li>**Made of Zince Alloy and Brass</li> </ul>	
Product Name	<b>9004T-1 Multipurpose Tire Gauge</b>	
	Product Model	9004T-1
	Product Origin	TW
	Brand	MADA
	Payment Term	T/T
	<p>A. 90psi with assembly no. 04T application for car , motorcycle and bicycle, hose standard length 36cm hose length can add to 60cm , 100cm even150cm depend on your request. our hose is oil - resistant rubber hose. Black part on the air chuck is for hand free.</p> <p>B. 3 functions - measurement pressure and inflation and deflation</p> <p>C. Advantage - **uniquely designed tank in the gauge, enabling part lubrication and ensuring tire gauge durability.</p> <ul style="list-style-type: none"> <li>**High pressure resistant tire gauge</li> </ul>	

	<p>**You can adjustment zero and repair meter by yourself</p> <p>**Synchronously displays two pressure units PSI and BAR on the tire guage.</p> <p>**with an oil resistant rubber hose , sturdy, flexible and extreme-weather -resistant</p> <p>**Easily replaceable clamp on the front</p> <p>**Made of Zince Alloy and Brass</p>	
<b>Product Name</b>	<b>9004-1 Multipurpose Tire Gauge</b>	
	Product Model	9004-1
	Product Origin	TW
	Brand	MADA
	Payment Term	T/T
	<p>A. 90psi with assembly no. 04 application for car , motorycle , bicycle , hose standard length 36cm hose length can add to 60cm , 100cm even150cm depend on your request. our hose is oil - resistant rubber hose.</p> <p>B. 3 functions - measurement pressure and inflation and deflation</p> <p>C. Advantage - **uniquely designed tank in the gauge, enabling part lubrication and ensuring tire gauge durability.</p> <p>**High pressure resistant tire gauge</p> <p>**You can adjustment zero and repair meter by yourself</p> <p>**Synchronously displays two pressure units PSI and BAR on the tire guage.</p> <p>**with an oil resistant rubber hose , sturdy, flexible and extreme-weather -resistant</p> <p>**Easily replaceable clamp on the front</p> <p>**Made of Zince Alloy and Brass</p>	
<b>Product Name</b>	<b>9003-1 Multipurpose Tire Gauge</b>	
	Product Model	9003-1
	Product Origin	TW
	Brand	MADA
	Payment Term	T/T
	<p>A. 90psi with assembly no. 03 application for bicycle only, hose standard length 36cm hose length can add to 60cm , 100cm even150cm depend on your request. our hose is oil - resistant rubber hose.</p> <p>B. 3 functions - measurement pressure and inflation and deflation</p> <p>C. Advantage - **uniquely designed tank in the gauge, enabling part lubrication and ensuring tire gauge durability.</p> <p>**High pressure resistant tire gauge</p> <p>**You can adjustment zero and repair meter by yourself</p> <p>**Synchronously displays two pressure units PSI and BAR on the tire guage.</p> <p>**with an oil resistant rubber hose , sturdy, flexible and extreme-weather -resistant</p> <p>**Easily replaceable clamp on the front</p>	

	**Made of Zince Alloy and Brass	
<b>Product Name</b>	<b>9002Y-1 Multipurpose Tire Gauge</b>	
	Product Model	9002Y-1
	Product Origin	TW
	Brand	MADA
	Payment Term	T/T
	<p>A. 90psi with assembly no. 02Y application for bicycle and motorcycle , hose standard length 36cm hose length can add to 60cm , 100cm even150cm depend on your request. our hose is oil - resistant rubber hose.</p> <p>B. 3 functions - measurement pressure and inflation and deflation</p> <p>C. Advantage - **uniquely designed tank in the gauge, enabling part lubrication and ensuring tire gauge durability.</p> <p>**High pressure resistant tire gauge</p> <p>**You can adjustment zero and repair meter by yourself</p> <p>**Synchronously displays two pressure units PSI and BAR on the tire guage.</p> <p>**with an oil resistant rubber hose , sturdy, flexible and extreme-weather -resistant</p> <p>**Easily replaceable clamp on the front</p> <p>**Made of Zince Alloy and Brass</p>	
<b>Product Name</b>	<b>9002-1 Multipurpose Tire Gauge</b>	
	Product Model	9002-1
	Product Origin	TW
	Brand	MADA
	Payment Term	T/T
	<p>A. 90psi with assembly no. 02 application for bicycle and motorcycles, hose standard length 36cm hose length can add to 60cm , 100cm even150cm depend on your request. our hose is oil - resistant rubber hose.</p> <p>B. 3 functions - measurement pressure and inflation and deflation</p> <p>C. Advantage - **uniquely designed tank in the gauge, enabling part lubrication and ensuring tire gauge durability.</p> <p>**High pressure resistant tire gauge</p> <p>**You can adjustment zero and repair meter by yourself</p> <p>**Synchronously displays two pressure units PSI and BAR on the tire guage.</p> <p>**with an oil resistant rubber hose , sturdy, flexible and extreme-weather -resistant</p> <p>**Easily replaceable clamp on the front</p> <p>**Made of Zince Alloy and Brass</p>	
<b>Product Name</b>	<b>9001-1 Multipurpose Tire Gauge</b>	

Product Model	9001-1
Product Origin	TW
Brand	MADA
Payment Term	T/T
<p>A. 90psi with assembly no. 01 application for all kind of cars , hose standard length 36cm hose length can add to 60cm , 100cm even150cm depend on your request. our hose is oil - resistant rubber hose.</p> <p>B. 3 functions - measurement pressure and inflation and deflation</p> <p>C. Advantage - **uniquely designed tank in the gauge, enabling part lubrication and ensuring tire gauge durability.</p> <p>**High pressure resistant tire gauge</p> <p>**You can adjustment zero and repair meter by yourself</p> <p>**Synchronously displays two pressure units PSI and BAR on the tire gauge.</p> <p>**with an oil resistant rubber hose , sturdy, flexible and extreme-weather -resistant</p> <p>**Easily replaceable clamp on the front</p> <p>**Made of Zince Alloy and Brass</p>	

**Product Name**

**5002Y-1 Multipurpose Tire Gauge**

Product Model	5002Y-1
Product Origin	TW
Brand	MADA
Payment Term	T/T
<p>A. 50psi with assembly no. 02Y application for bicycle and motorcycle , hose standard length 36cm hose length can add to 60cm , 100cm even150cm depend on your request. our hose is oil - resistant rubber hose.</p> <p>B. 3 functions - measurement pressure and inflation and deflation</p> <p>C. Advantage - **uniquely designed tank in the gauge, enabling part lubrication and ensuring tire gauge durability.</p> <p>**High pressure resistant tire gauge</p> <p>**You can adjustment zero and repair meter by yourself</p> <p>**Synchronously displays two pressure units PSI and BAR on the tire gauge.</p> <p>**with an oil resistant rubber hose , sturdy, flexible and extreme-weather -resistant</p> <p>**Easily replaceable clamp on the front</p> <p>**Made of Zince Alloy and Brass</p>
